

CORPORATE GOVERNANCE (1 day)

Overview

Corporate Governance is a set of relationships between the corporation and its board of directors, management, shareholders and other stakeholders. It's a system by which organisations are directed and controlled through the use of a number of concepts including transparency, independence, accountability and integrity.

Objective:

- Gain knowledge of the codes of corporate governance
- Gain skills for the appraisal of the contribution of corporate governance in risks, audit controls and compliance
- Develop proactive and moral attitudes towards roles and functions of individuals, administrators and managers
- Become familiar with current trends and corporate governance practices, regulations and exercise of Board and Management Responsibilities
- Achieve an understanding of corporate social responsibility

Who Should Attend:

- Government officers, senior managers, analysts
- Regulators, Financial personnel
- Lawyers, Accountants, Bank officers
- Investors
- Administrators
